- b) if so, the details thereof;

- d) the steps taken by the Government to address the issue and to protect the interests of small businesses?

ANSWER

वाणिज्य एवं उद्योग राज्य मंत्री (स्वतंत्र प्रभार) (सीतारमण श्रीमती निर्मला)

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY
(INDEPENDENT CHARGE)
(SMT. NIRMALA SITHARAMAN)

(a): Yes, Madam.

(b): Directorate General of Anti-Dumping and Allied Duties (DGAD) conducts anti-dumping investigations on the basis of duly substantiated petition filed by domestic industry, alleging dumping of goods in the country and injury to the domestic industry caused by such dumping. Such petitions submitted by the domestic industry are processed as per the rules and procedure laid down under the Customs Tariff Act, 1975. Since 1992, DGAD has initiated 309 anti-dumping investigations against 46 countries involving chemicals and petrochemicals, pharmaceuticals, fibres/yarns, steel and other metals and consumer goods including Cathode Ray Colour TV Picture Tubes, Calculators, USB Flash Drives etc.

(c)&(d): Dumping is an unfair trade practice. Dumping of goods adversely affects the domestic industry in particular and country's economy in general, in terms of production, productivity, profits, employment, etc. Anti-dumping duty is a trade remedial measure permitted under the WTO Agreement to which India is a signatory, to prevent dumping. Through imposition of anti-dumping duty, a level playing field is created for the domestic industry vis-a-vis dumped goods in the domestic market. DGAD conducts investigations and recommends imposition of duty, wherever appropriate, to the Central Government in the Department of Revenue by issuing its preliminary/final findings.

ANSWER

वाणिज्य एवं उद्योग राज्य मंत्री (स्वतंत्र प्रभार) (सीतारमण श्रीमती निर्मला)

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY
(INDEPENDENT CHARGE)
(SMT. NIRMALA SITHARAMAN)

(a) & (b): Yes, Madam. The details of imports of Active Pharmaceutical Ingredients (APIs) from China during the year 2011-12, 2012-13, 2013 – 14 and provisional data for 2014 – 15 (April – September) is at Annexure – I. As informed by the Department of Pharmaceuticals, in case of 12 essential drugs namely; Paracetamol, Metformin, Ranitidine, Amoxicillin, Ciprofloxacin, Cefixime, Acetyl salicylic acid, Ascorbic acid, Ofloxacin, Ibuprofen, Metronidazole and Ampicillin, there is significant dependence on imports for the drug ingredients. Approximately 80-90% of these imports are from China. The decision to import and the country of origin for such imports are based on economic considerations.

(c) & (d): A Committee of Secretaries, under the Chairmanship of Secretary, Department of Health Research has been set up on 8.10.2013 to study and identify the Active Pharmaceutical Ingredients (APIs) of critical importance and to work out a package of interventions/concessions required to build domestic production capabilities, and examine the cost implication.

(a) : Yes, Madam.

(b) and (c) : The Directorate General of Anti-Dumping and Allied Duties (DGAD), Department of Commerce, had received a petition from the domestic industry in India alleging that bus and truck radial tyres, originating in or exported from China PR and Thailand, were being dumped into India causing injury to the domestic industry. - e) the other steps taken/being taken by the Government to boost export of rice, particularly Basmati rice and to check its price in the domestic market?

ANSWER

वाणिज्य एवं उद्योग राज्य मंत्री (स्वतंत्र प्रभार) (श्रीमती निर्मला सीतारमण)
THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY
(INDEPENDENT CHARGE)
(SMT. NIRMALA SITHARAMAN)

- (a) The details of export and import of Basmati and Non basmati rice during each of the last three years and current year, country –wise are given at **Annexure – I**. Variety wise data is not maintained by DGCI&S.
- (b & c) Iran, which is the largest importer of Basmati Rice from India, follows system of issuance of import permit to the importers. New system of registration of source (rice mill from exporting country) has been introduced w.e.f. March 21, 2014. The standards for heavy metals and pesticide residues have been made more stringent. However, all these measures are not India specific and are followed by Govt. of Iran for import of rice from all origins.

The duty on import of rice has been increased by Govt. of Iran from 22% to 40% in view of the domestic crop season. The hike will continue till January 21, 2015. The hike in customs duty during the crop season is a regular feature in Iran.

Moreover, Iran has imposed a temporary restriction on import of rice w.e.f. 19th October, 2014. The Government engages with its trade partners in an institutional basis and takes up all trade related issues from time to time.

- (d) The Government has received a request from All India Rice Exporters Association (AIREA) for restoration of Interest Subvention Scheme. The Government provides various incentives like interest subvention from time to time to promote exports. The forthcoming Foreign Trade Policy (FTP) 2014-2019 would have policy pronouncements on the various incentives for export, both general and sector specific.
- (e) Agricultural and Processed Food Products Export Development Authority (APEDA), an autonomous body under the Ministry of Commerce, Govt of India has been inter-alia, mandated to develop and promote the export of basmati rice. Govt. has also mandated APEDA to protect the Intellectual Property vested in basmati rice on behalf of all stake holders. APEDA has taken following initiatives:
 - (i) A world wide watch agency has been appointed since 1996 to monitor the trade mark registers worldwide for any third party attempt for registration of the name 'basmati' or any deceptive variations thereof.
 - (ii) APEDA had applied to GI Registry in Chennai in November 2008 for registration of Basmati Rice as a GI.
 - (iii) APEDA has established Basmati Export Development Foundation (BEDF). Under BEDF, state-of-art laboratory has been set up in the premises of S.V.B.P. University of Agriculture & Technology, Modipuram, U.P. for quality testing and DNA profiling of Basmati Rice.
 - (iv) Besides the laboratory, a Demonstration and Training Farm has been set up under BEDF over an area of about 10 acres for training the farmers in Good Practices for cultivation of Basmati Rice and Seed Production.

Domestic prices of any agriculture commodity including basmati rice, inter-alia, are a function of several factors like domestic and international demand and supply, cost of production like labour, capital, input cost etc., prevailing domestic and international food inflation etc.

- (a) Yes, Madam.
- (b) The Government of India is presently negotiating a bilateral broad Based Trade and Investment Agreement (BTIA) with the European Union (EU), covering a number of tracks ranging from Trade in Goods to Services. So far fifteen rounds of negotiations have been held. The last engagement between both sides was held in May 2013 in New Delhi. Since then, EU had largely disengaged from the negotiation. However, recently a meeting was held between both sides to take stock.
- (c) to (g) As is consistent with previous and established practice in ongoing negotiations, it would be premature to share the details of negotiations. Disclosures before finalisation of the Agreement may adversely affect India's position in the negotiations.

वाणिज्य एवं उद्योग राज्य मंत्री (स्वतंत्र प्रभार) (श्रीमती निर्मला सीतारमण)
THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY
(INDEPENDENT CHARGE)
(SMT. NIRMALA SITHARAMAN)

- (a) The quantum and value of marine products exported and imported during each of the last three years and the current year, country wise is annexed (**Annexure – I**).
- (b) No Madam, import of fish is a market driven activity based on domestic demand & supply in the country; The quantity and value of import of Hilsa in the last two years is as below:

HILSA (IN ALL FORMS)	2012-13		2013-14

- (c) MPEDA has assisted 14 processing units in Andhra Pradesh to install machinery and equipment for the production of Value Added Marine Products to produce 283.82 MT/day. Under the Sea Freight Assistance scheme, assistance is provided for the export of specified value added items to encourage the export of these high value items. Assistance at the rate of 100% of the freight differential per container for the first three years and 50% for the fourth year is given by MPEDA. By implementing various financial assistance schemes MPEDA is helping the entrepreneurs of Andhra Pradesh in the production and exports of value added marine products. The details of the various financial assistance schemes for promoting the exports of value added marine products operated by MPEDA in Andhra Pradesh are at **Annexure - II.**

It calls for new investment in Buildings, Plant, Machinery etc. Therefore, Technology Upgradation Scheme for Marine Products (TUSMP) is an effort by MPEDA to provide financial assistance to exporters for setting up new units, to expand the existing production capacity for value added products and for diversifying into value addition through institutional finance. However, the assistance will be subject to full commitment of the exporter to value addition, which needs to be demonstrated by fulfilling an annual export obligation covering value added products specifically notified by the Authority which is as follows;

Category	Export Obligation of Value Added Product (Rs.in Crore)	
	Annual	Total for 10 Years
I	7.0	70
II	5.3	53

The basic objective of imposition of anti-dumping duty is to create a level playing field for the domestic industry in the domestic market vis-à-vis dumped goods. Anti-dumping system is a constantly evolving process enriched by outcome of findings

of authorities, WTO guidelines and jurisprudence. The anti-dumping rules governing anti-dumping investigations are amended from time to time.
