

SPICES BOARD

Ministry of Commerce & Industry, Government of India

**Buyer Seller Meet (BSM)
for Strengthening Export Sourcing of**

Small Cardamom

22nd January 2021 / 2.30 PM to 5.00 PM

Indian Spices are renowned for their rich intrinsic qualities from time immemorial. India, the largest producer, consumer and exporter of spices in the world, produces a wide spectrum of spices across its much varied agro-climatic conditions. Indian spices production has reached close to 10 million tonnes during 2019-20.

India's spice exports, with a volume of 11,83,000 MT valued at Rs.21515.40 crore during 2019-20, scaled the landmark level of 3 billion US\$ in value realization, besides recording a growth rate of 8% in volume, 10% in rupee terms and 8% in dollar terms of value over the previous year, despite the global pandemic situation.

Small Cardamom, is often referred as the "Queen of Spices" because of its pleasant aroma and taste. In addition to its various culinary applications, cardamom is used as an ingredient in perfumery, health foods, medicines, beverages etc. India is a traditional exporter of cardamom and the produce from India enjoys a premium preference in the markets worldwide, where it is relished for its distinct intrinsic properties.

Kerala is the largest producer of Small Cardamom in the country, with the States of Tamil Nadu and Karnataka being other producers. In the recent years the small cardamom sector faced various challenges, both at the production and export fronts, due to heavy rains and subsequent natural calamities in the growing region as well as pesticide concerns in export shipments.

Spices Board, to address these concerns, has been supporting the small cardamom stakeholders throughout the various stages of the supply chain. The programs / activities of the Board include assistance for area expansion, nursery management & post harvest improvement, promoting good agricultural practices, integrated pest management (IPM) & use of bio control agents, creating awareness through campaigns, trainings & other programs, promoting collaborative movements amongst growers through Spice Producer Societies (SPS), R&D support, strengthening direct linkages with exporters etc.

It is noteworthy that the export of small cardamom, amidst the various concerns & hurdles, has showed an upward trend during the first half of 2020-21, with a volume of 1900 MT, registering an increase of around four times over the same period of the previous year. Though the collective efforts of stakeholders have helped the Indian small cardamom sector to manage the challenges to some extent, further synergistic interventions are required across the supply chain for sustainable growth of the sector.

The Board is issuing Certification of Registration as Exporter of Spices (CRES) to the exporters of spices and auctioneer & dealer license for domestic marketing of small cardamom. The programs for export promotion implemented by the Board include assistance to exporters for packaging development, reimbursement of courier charges for sending samples abroad, assistance for brand promotion, support for product development & research, quality evaluation services for facilitating export etc. Also, the Board is regularly conducting Quality Improvement Training Programmes to the farmers, FPOs, traders, exporters, officials of state Agri / Horti Depts, members of NGOs on the updated quality and safety requirements and good practices to be adopted by the stakeholders.

E-Auction Centre

Spices Board introduced the e-auction system for cardamom in 2007 by replacing the manual out-cry system for ensuring transparency and better price realization. The e-auction acts as platform for market linkage and primary sale of around 90% of the Small Cardamom produced in the country, with an annual turnover of around Rs. 4,000 crores during 2019-20 crop season. Two full-fledged e-auction centres have been developed at Puttady in Idukki district of Kerala – the major production centre for Small Cardamom and at Bodinayakanur, Tamil Nadu the largest market centre for small cardamom. The e-auction centres have state of the art infrastructure facilities with latest servers and networking facilities and 60 terminals for conduct of the auction.

Crop Season	No. of Auctions	Arrival (MT)	Sale (MT)	Average price (per kg)
Aug 2019 - July 2020	339	14273.737	13663.041	2900.62
Aug2020 - Jan2021 (upto 16.1.21)	182	12989.859	12503.106	1604.27

Buyer Seller Meet

Spices Board has been organizing Buyer Seller Meets (BSM) in the major spice producing regions of the country, with a view to provide a common platform for the Buyers and Sellers of the spice industry, to interact directly and establish effective business linkages.

List of Buyers/ Exporters

Exporters/ Buyers from across India has shown keen interest in participating in the BSMs organized by the Board. The details of buyers who have registered for the BSM for Strengthening Export Sourcing of Small Cardamom are given below.

Details of Sellers

Around 170 sellers / producers representing progressive farmers, farmer's societies, from the cardamom production belt of Kerala and Tamil Nadu have registered for participation in the BSM. and the sellers whose samples have been found in compliance with the standards prescribed by Saudi Arabia will be participating in the event.

Spices Board, with a view to facilitate sustainable sourcing of small cardamom for export, has collected and analyzed samples of small cardamom from growers across the major production area for pesticide residues and the details of farmers whose samples are found to be in compliance with standards prescribed by Saudi Arabia / Codex are given below.

List of Sellers – Small Cardamom Samples in compliance with pesticide MRL prescribed by Saudi Arabia / Codex
