

**Buyer Seller Meet on Large Cardamom
23rd December, 2021
Spices Board, Ministry of Commerce & Industry, Govt of India**

Buyer Seller Meet on Large Cardamom

Spices Board is spearheading activities for the excellence of Indian spices, so as to help the Indian spice industry in attaining the vision of sustaining the leadership in global trade of spices & value added spice products, thereby contributing to the growth of agricultural exports from India. The main functions are research, development, domestic market promotion of Small & Large Cardamom , Post-harvest improvement of spices, Promotion of organic production, processing and certification of spices, Development of spices in the North East, Provision of quality evaluation services and Export promotion of spices. Undertaking multifaceted activities at the various levels of the supply chain starting from the farm level to export, Spices Board provides support to the stakeholders towards holistic output in terms of production, post-harvest improvement, market promotion, quality evaluation and export promotion of spices.

India is the leading producer of large cardamom in the world. Large Cardamom is a major spice crop grown in the Sub-Himalayan tracts in Sikkim, Arunachal Pradesh, Nagaland, Manipur and North Bengal. Farmers in the regions depend on cultivation of large cardamom for their livelihood. Lack of organized markets is the major challenge in marketing of large cardamom. Direct market linkage between the producers / producer groups and exporters will help to improve the value chain of large cardamom.

This particular Buyer Seller Meet for Large Cardamom is organized by the Spices Board at the behest of Indian Spices & Foodstuff Exporters Association (ISFEA), Mumbai to encourage the exporter members to source large cardamom from the growing regions directly from producers / producer groups.

Programme schedule.

Comperere and Coordination of buyer seller meet	Dr. Kuldeep Rai, Sr. Field Officer, Spices Board, Gangtok
