WEBINAR - UPDATION OF THE ONE TIME REGISTRATION UNDER GACC (CIFER) SO AS TO AVOID DE_REGISTRATION

GACC

GACC stands for General Administration of Customs of China. It is the governmental authority responsible for managing and regulating customs operations in the People's Republic of China. The GACC oversees the import and export of goods, enforces customs laws and regulations, collects customs duties and taxes, and facilitates trade while ensuring compliance with relevant laws and regulations.

For export to China, registration of overseas production enterprises with the General Administration of Customs of the People's Republic of China (GACC) is required for certain categories of food products, which includes "Natural Plant Spices" (Spices and Spice products that possess valid market access to China). At present, the registration is issued by GACC under the following systems of GACC

1. CIFER system of GACC - Registration for processed/ground spices and spice products.

CIFER stands for Customs Integrated Environment (CIE) and Risk Management System

2. DAPQ system of GACC - Registration for unprocessed/raw/unground spices.

DAPQ stands for Department of Animal and Plant Quarantine (DAPQ)
