MESSAGE

It is a pleasure to know that the Export Award Function for the Export Achievers for the year 2015-16 and 2016-17 is being organized by the Plastics Export Promotion Council (PLEXCONCIL) on 23rd June, 2018 at Mumbai.

On this joyous occasion, I congratulate all the achievers for their exemplary export performances and thereby being an icon of motivation for others as well.

I extend my best wishes for the whole sector and the PLEXCONCIL in realizing its full potential and scale new heights of excellence.

MESSAGE

On the occasion of the Export award function of The Plastics Export Promotion Council on 21st July, 2018, I wish to convey my congratulations to the award winners and best wishes to members of Plexconcil for the hard work put in by them to promote Indian exports.

It is gratifying to note that the Council has been rendering useful services to member exporters to supplement their export efforts thereby acting as a facilitator to exports. The plastics export sector has tremendous potential for growth and I am sure our manufacturers and exporters will surpass the expectations by meeting higher targets.

MESSAGE

It is heartening to know that the Plastics Exports Promotion Council (PLEXCONCIL) is organizing its Export Award Function on 21st July, 2018 to recognize the top exporters for the year 2015-16 and 2016-17.

The Plastic industry in India has made significant achievements ever since it made a modest but promising beginning by commencing production of Polystyrene in 1957. I am glad that exports from the Indian plastics industry have grown from USD 16.5 million in 1955-56 to USD 8.9 billion in 2017-18. Given the immense potential and encouraging growth trends, exports are set to cross USD 10.6 billion in the current financial year.

In its pursuit to achieve export excellence, PLEXCONCIL has undertaken various promotional activities to help the members grow their exports.

I congratulate all the Export Award winners and wish PLEXCONCIL and its members for the success of this event.

MESSAGE

I am happy to know that the Plastics Export Promotion Council is organizing its Export Award function on 21st July, 2018. I would like to congratulate all the award winners for their achievement in winning the top exporters award for the year 2015-16 and 2016-17. I am sure the award winners will be inspired to further grow in their respective ventures and other exporting members will equally derive inspiration from the award winners to try harder to win such export awards in the future.

I extend my best wishes to PLEXCONCIL for its good work and wish all success for the award function.

MESSAGE

I am glad to learn that the Plastics Export Promotion Council (PLEXCONCIL) is organising its Export Award Function to recognise the top exporters for the years 2015-16 and 2016-17 on 21 July 2018 in Mumbai.

The export of plastic raw materials dominates the exports of this sector and the share of processed plastic items in our export basket needs to increase considerably. This involves, among other things, upgradation of technology to enhance production capacities, focus on higher value addition and high end technology items, and innovative marketing strategies.

However, too often the way plastics are currently produced, used and discarded fails to capture the benefits of a more integrated approach. There is also an urgent need to tackle the environmental problems that cast a long shadow over the production, use and consumption of plastics. Plexconcil can take the initiative to address these issues along with the leading industry players.

With the tremendous growth of plastics trade in the world there is a huge untapped potential for exports of plastic products from India. I trust Plexconcil will continue to support and encourage exporters to obtain a larger share in the global exports market.

I extend my best wishes to the Export Award winners, Plexconcil and the exporting fraternity in the Indian plastic industry.

Joint Secretary

MESSAGE

I am delighted that the Plastics Export Promotion Council (Plexconcil) is holding its Export Award Function for the year 2015-16 & 2016-17 in Mumbai.

2 The industry has come a long way from where they were when the Council came into being in 1955, in terms of technology, process, resources and scale etc. Over the years, Plexconcil has played a pioneering role in promoting exports of the products in its basket by showcasing the capabilities of the Indian plastic industry before the world and also encouraging its members to integrate their business with the global value chain. Department of Commerce will continue to provide support to the industry and the Council to enable it to grow and occupy its rightful place as a leader at the global level. It is the endeavour of the Department to provide continuous support and export facilitation.

3 I take this opportunity to congratulate the exporters for their tremendous efforts for augmenting plastic exports, with special emphasis on quality and reliability. I hope the organization will create a platform for the industry to debate and introspect on the future course of action for enhancing exports.

4 On this special occasion, I congratulate all the Export Award Winners and wish Plexconcil success in its future endeavours.

.. 29/5/2018

(Shyamal Misra)

Welcome

Mr. Ashok Basak, Chairman, Plexconcil

Ladies and Gentlemen,

It gives me immense pleasure to welcome you all to our prestigious Export Award Function, wherein the council honours top export performers across various product groups. The awardees take immense pride in being felicitated at the Award Function as it is a stamp of approval to their hard work in growing the country's exports.

I would like to accord a special welcome to Shri. Shyamal Misra, Joint Secretary, EP(CAP) - Department of Commerce, Ministry of Commerce and Industry, Government of India, for accepting our invitation to be the Chief Guest for the Award Function. Sir, please allow me thank you on behalf of all seated here. I would also like to extend a warm welcome to all dignitaries from the Government of India and other trade associations who are present here.

With these words I welcome you all once again and present my heartiest congratulations to all the export award winners. I now request Mr. Pradip Thakkar, Immediate Past Chairman, to address the audience.

Thank you.

Opening Remarks

Mr. Pradip Thakkar, Immediate past-chairman, Plexconcil

Good morning Shri Shyamal Misra, Esteemed guests and dignitaries, Special invitees, our Proud Export award winners, media representatives, fellow exporters, and friends.

At the outset I thank Shri Shyamal Misra for being with us today. Department of Commerce and EP CAP have been the guiding force for our Council.

I am sure our Exporter will be motivated to receive their recognition from you.

Friend, At this prestigious Awards function, I am happy to share with you information on export trade scenario of our Plastics Industry.

Friends, India is presently on the cusp of a growth phase and our country's target is to touch 5 trillion GDP by 2025. Our Department of Commerce and Government is taking various steps to ensure the trade is facilitated so that we achieve this ahead of time.

India has progressed to become world's sixth-biggest economy with a GDP of USD 2.59 trillion in 2017 ahead of France.

We have also seen a significant move up in India's ranking in the 'Ease of Doing Business'. Thanks to significant improvements in major indicators, our country jumped up 30 notches into the top 100 rankings on the World Bank's 'Ease of Doing Business' index though more needs to be done..

Merchandise exports from India touched USD 303.3 billion in 2017-18, registering a growth of 10% vis-a-vis USD 275.9 billion in 2016-17.

Our plastics exports outpaced this to post a growth of 17.1% at USD 8.9 billion during the year 2017-18 as against USD 7.6 billion in 2016-17.

Plastics formed 2.92% of India's overall merchandise exports in 2017-18, a tad higher than the 2.74% share during 2016-17.

India's plastics exports were largely boosted by higher shipments of plastics raw materials, value-added plastic products like Woven sacks/FIBC, Plastic sheets/films/plates, Laminates, Packaging items, and Medical disposables. The value added products saw major growth in shipments to the European Union, North America, Latin America and Caribbean, North-East Asia.

United States, China and the United Arab Emirates were top-3 destinations for India's plastic products during 2017-18. These three countries accounted for 25.7% of India's plastic product exports, by value. I am happy to inform you that the plastics exports to The United states surpassed the USD 1 billion target set by our council. This is a major milestone achieved during 2017-18.

Friends, the above feat has been possible only due to your sustained efforts in increasing the country's exports and you must continue to build on this strong momentum.

While the above achievement is highly credible, greater efforts must be undertaken to increase our share in the world export market which is well above US\$ 850 billion. Important to note that our current share is just under 1 % of Global trade in Plastics.

While our Plexconcil is playing the role of a facilitator to this end, I humbly request all fellow members to reach out to the council not only for highlighting problems that they face, but also to provide valuable inputs and suggestions so that we can work jointly with Govt to enhance our exports.

I had suggested that we institute special awards for

- 1) innovative idea to improve our exports,
- 2) innovative product exported.

I request our chairman Mr. Basak to implement this.

Let me remind you, we must work as a team and not as individuals so that we can continue to grow our exports in double-digits in the years to come.

The country's plastics industry offers immense potential in terms of capacity, infrastructure and skilled manpower. Let us all set a goal today that we all shall rise to the occasion and put in our best towards increasing India's share in the global plastics export market (worth US\$ 850 billion) to 3% by 2025.

With this, I place on record my sincere thanks to all the dignitaries present here.

Hearty congratulations to all the Export award-winners today. We recognise your achievement and our Council is proud of you.

I thank each one of you for gracing this occasion with your August presence.

Have a wonderful day.

Thank you.

The Plastics Export Promotion Council

(Sponsored by the Ministry of Commerce & Industry, Department of Commerce, Government of India)

CITATION

Presented to

Mr G. Sudhakar

Chairman 2013-2014 & 2014-2015

Mr G. Sudhakar, a dynamic personality, assumed the Chairmanship of the Council for the periods 2013-14 and 2014-15. Mr Sudhakar got involved in the activities of the Council when he was elected as a member of the Committee of Administration of the Council in the year 1998-99. Ever since that time, Mr Sudhakar has been actively taking part in the Council's affairs. His keen interest in export promotion and his wide and quality experience in the plastics industry earned him the position as the Regional Chairman of the Council for the Southern Region for the years 2003-05, 2005-07 and 2007-09, and was thereafter elevated to the position of Vice Chairman of the Council for the years 2011-13, before assuming the prestigious office as Chairman of Plexconcil for the years 2013-14 and 2014-15.

Mr G. Sudhakar, graduated in B.E. Mechanical Engineering from Sri Venkateswara College of Engineering in Tirupati, Andhra Pradesh, in the year 1963. After his engineering, Mr Sudhakar joined the prestigious TVS Group of Companies in Madurai, Tamil Nadu, and was extensively trained in their Automotive Division, where he learnt the nuances of shop-floor functioning and management. Subsequently, Mr Sudhakar served in the Andhra Pradesh State Road Transport Corporation, where, as Senior Engineer, he was responsible for the Operations and Maintenance of APSRTC's depot with around 100 transport vehicles. Thereafter, bitten by the entrepreneurial bug, Mr Sudhakar looked to starting his own venture, and studied various business opportunities available, including in the automotive sector, and finally ventured into the packaging sector. In the year 1970, as a challenge, he took over a loss-making unit manufacturing water-proof paper products which had good potential and market opportunities, and turned it around. After this success, was born the BLISS GROUP OF COMPANIES in the year 1976.

Under Mr Sudhakar's astute leadership, the group invested in plastic processing units like Extrusion coating and Film extruding to be in sync with the technological developments in the world of packaging. Thereafter, the group invested in a greenfield Flexible Intermediate Bulk Containers (FIBC) Unit in the early 1990s which could handle upto 2000 kg per bag, and also 20 foot and 40 foot compatible container bags, for packing bulk commodities like Cement, Chemicals, Fertilizers etc. This investment enabled the group to expand their wings to international markets. The flagship company, Jumbo Bag Limited, is among the leading players, and the pioneer in India to introduce the Jumbo Bag concept, and export their FIBC Bags to highly advanced countries like the USA and Europe. Currently, India is the second largest exporter of FIBC Bags across the globe. The group is well diversified with manufacturing units in Chennai, Nellore, and Mumbai with both forward and backward integration. At present, as Chairman Emeritus, in a career spanning over 50 years, Mr Sudhakar lays a lot of emphasis on professionalizing the management by nurturing and recognizing talent. Further, the group's moral values and business ethics are impeccable, as is their Corporate Social Responsibility. Mr Sudhakar, as Chairman Emeritus of the group, currently oversees a business of Rs 750 Crores, of which Rs 150 Crores is from manufacturing activity, and which includes Rs.50 crores from exports.

Having gained a rich experience and insight into the plastics industry, Mr Sudhakar offered his services and knowledge of his specialized experience to the Indian plastics industry, and was elected to the Committee of Administration of Plexconcil in the late 1990s. During his tenure as Regional Chairman, Vice Chairman and as Chairman in the Committee of Administration, he never missed attending any meeting, and also made it a point to attend all meetings convened by the Government of India. Using his experience, he associated himself actively in framing various export promotion measures for the Council and recommendations to the Government, and was always eager to take-up the problems faced by exporters, and to redress them. By virtue of his being a Managing Committee Member of the Federation of Indian Export Organizations, or FIEO, as is popularly known, the Apex body of all Export Promotion Councils, he also attended their Managing Committee Meetings and involved himself actively to ensure that their apex role is played effectively. During his tenure as the Council's Chairman, Mr Sudhakar was also nominated as the Council's nominee to the PlastIndia Foundation in 2013. Mr Sudhakar also steered Plexconcil in a befitting manner during the Council's Diamond Jubilee celebrations in the year 2015, which was held along with the Export Awards Function in Mumbai. Mr Sudhakar also shares his knowledge and expertise with various other Trade and Industry Associations such as the All India Flat Tape Manufacturers Association, Tamil Nadu Plastics Manufacturers Association, All India Packaging Manufacturers Association, Andhra Chamber of Commerce and the Indian Institute of Packaging, where he serves as a Governing Body member till date.

The Plastics Export Promotion Council will cherish its association with Mr G. Sudhakar in his various capacities as a Member of its Committee of Administration, Regional Chairman, Vice Chairman and finally the highest position as the Chairman, for time immemorial, and looks forward to his association with the Council in the future to come.

In recognition of his excellent contributions and selfless service of building the Indian Plastics Industry and its Exports, the Council honours Mr G. Sudhakar with this citation at the hands of Shri Shyamal Misra, Joint Secretary & Chief Vigilance Officer, Ministry of Commerce & Industry, Government of India, on this 21st day of July 2018, in Mumbai.

Mumbai
21st July, 2018

Pradip Thakkar
Past Chairman

OVERVIEW

India's Plastics Exports jump 17.1% in FY 2018

India's export of plastics posted a growth of 17.1% at US\$ 8.9 billion (provisional) during the year 2017-18 as against US\$ 7.6 billion in 2016-17, registering a faster pace of growth than the overall merchandise export growth from India. Merchandise exports from India touched US\$ 303.4 billion (provisional) in 2017-18, registering a growth of 10% vis-a-vis US\$ 275.9 billion in 2016-17.

Plastics formed 2.92% of India's overall merchandise exports in 2017-18, a tad higher than the 2.74% share held in 2016-17. India's plastics export during the year were primarily boosted by higher shipment of plastic raw materials and value-added plastic products including Woven sacks/FIBC, Plastic sheets/films/plates, Optical items, Laminates, Packaging items, and Medical disposables to the European Union, North America, Latin America & Caribbean, and North-East Asia.

United States, China and the United Arab Emirates were top-3 destinations for India's plastic products during 2017-18. These three countries accounted for 25.7% of India's plastic product exports, by value. Plexconcil had been targeting to breach the US\$ 1 billion export mark to the United States and the milestone in 2017-18. India's plastic product exports to the United States were valued at US\$ 1.11 billion during the year.

Plexconcil is now targeting an export value of US\$ 10.6 billion in 2018-19. The council is formulating strategies to increase India's share in the global plastics export market (worth US\$ 850 billion) to 3.0% from the current size of less than 1.0%.

The target is difficult, but achievable, and the council intends to take concerted efforts towards this front with the assistance of its members through upgradation in technology, increased R&D spend, and innovative marketing strategies directed towards increased export of value-added plastics from India. Besides the council also intends to bring-in new businesses into the export fold by creating awareness for exports amongst the domestic manufacturers.

The country's plastics industry offers immense potential in terms of capacity, infrastructure and skilled manpower. India is currently ranked among the top five consumers of polymers in the world and has 30,000 plus plastic processing units employing over four million people across the country. Plastics are among the fastest-growing industries in the country experiencing a double-digit growth rate on an average. The plastics industry in India is making significant contribution to the economic development and growth of various key sectors in the country which includes automotive, construction, electronics, healthcare, and FMCG.

The plastic processing industry has the potential to contribute in bringing foreign investments and thus India's vision of becoming a manufacturing hub. Establishment of plastic parks across various states, a cluster development approach to consolidate capacities in the plastics sector, is a step towards the same direction targeting fresh investments for adding manufacturing prowess in India.
