All Members/All Members of the COA

Dear Sir(s),

Subject: Incorrect Data in certain IECs - corrective action required from exporters

We wish to inform you that O/o. DGFT has issued Trade notice no. 39/2019-20 regarding Incorrect Data in certain IECs - corrective action required from exporters.

It has been observed by O/o. DGFT that there are certain data mismatch issues which require immediate corrective action. Following two broad categories of data mismatch in IECs (Import Export Code number) have been reported:

- i. Incorrect Permanent Account Number (PAN)
- ii. More than one IEC against same PAN

2. The details of mismatch in IECs under these two categories are at Annexure -I and Annexure -II. The IECs with incorrect Permanent Account Number (PAN) (22,893 Nos.) are at Annexure I and more than one IEC against same PAN (8353 Nos.) are at Annexure - II of this Trade Notice.

3. IEC holders as mentioned in the two Annexures of this Trade Notice are requested to take immediate steps to correct their IEC data before 15 December 2019, failing which these IECs will be suspended by the jurisdictional DGFT Regional Authority (RA).

4. IECs, which have an incorrect PAN, as mentioned in Annexure-I are required to ensure that their correct PAN number is updated and reflected correctly in the DGFT database. For making changes in PAN, the IEC holder will need to make a written submission on the letter head of the IEC holder to the jurisdictional DGFT RAs along with a self-certified copy of the PAN.

Changes in the PAN cannot be made through the online IEC application module.

5. IEC holders, whose same PAN exists in more than one IEC, as mentioned in Annexure-II, are required to ensure that only one active IEC exists against each PAN. For this, the IEC holder will need to make a separate written request on the letterhead of each IEC holder(s) to the jurisdictional DGFT RA concerned, to suspend/ cancel the other IEC(s). RAs need to take suitable action accordingly after observing due diligence. ***In case of situation where multiple IECs having same PAN exist and the IEC holder has not approached the RA, then the RA will suspend all the multiple IECs having the same PAN after 15 December 2019. Only on a written request with submission of required documents the IEC [on which import/export takes place] may be allowed to be reactivated.***
