Dear Sir(s),

This is further to our circular below regarding council's participation in JEC 2020 France scheduled from 03rd to 05th March 2020. **Please note that the council is taking common pavilion – space wherein small exporters can be offered minimum 2sqm space @ Rs.60,000/- per sqm. Also please note that during the fair Indian embassy, France has proposed that they will arrange special Buyer Seller Meet.**

In this regard the member exporters may take part at JEC 2020 France on the above said dates. If interested please write to bharti@plexconcil.org.

Best regards,

Sribash Dasmohapatra
Executive Director

Dear Sir(s),

Subject: Participation at JEC World 2020, Paris March 03 – 05, 2020 - Revised

We have pleasure in informing you that the Council is organising India Pavilion at **JEC World 2020**, scheduled to be held in Paris-Nord, France from March 03 – 05, 2020.

Market Overview:

France is the 6th largest economy of the world with a total GDP of \$ 2.78 trillion in 2018 & a GDP growth rate of 1.7% in 2018. It is one of the largest countries and main economy in Europe. In terms of purchasing power parity France is the third largest economy in Europe and tenth largest economy in the world. France ranked 8th largest exporter and 6th largest importer in

2018, as per Trade Map. Its technological strengths make it the leader in sectors such as aviation, space, food processing, transport, railways and agricultural research.

In 2018, India-France bilateral trade stood at \$ 11.94 billion. India's exports to France were valued at \$ 5.20 billion, while its exports from France were valued at \$ 6.73 billion resulting in a trade deficit of \$ 1.53 billion to India. Within plastics, India's position is seemingly strong with plastics exports worth \$ 224.51 million to France and a trade surplus of US\$ 34.29 million to India.

India's plastics exports to France largely comprise of: All types of optical items (50.7%); Woven sacks/FIBCs (18.6%); Packaging items (8.8%); Plastics sheets, films, plates etc (5.8%); and Plastics raw materials (5.4%).

The plastics demand in France reached 5 million tons, which represents 9.6% of the European plastics demand (47.8 million tons) after Germany (24.9%) and Italy (14.3%). France is 3rd largest converter of plastics in Europe which creates an immense potential for the India Plastics Industry for Exports in this region. The major convert demand in France are used in Packaging, Building & Construction, Automotive, Electrical & Electronic, Household & Agriculture.

About the event

JEC World 2020 is one of the largest trade fairs for Composite Plastic Industry in the world and is well attended by all stakeholders of the Global Composites industry. Since years the exhibition is providing a unique platform for the composite plastics industry to explore business opportunities not only in Europe but globally.
