Dear Sir(s),

Subject : Regarding Trade related issues with Argentina

The bilateral trade between India and Argentina stood at US\$ 3314.89 million for the period 2020-21. India has set an export target of US\$ 1163.60 million for Argentina for the financial year 2021-22. Argentina, in the past, has raised a number of issues which have impacted exports of India.

In this connection, we have been requested by the Dept. of Commerce to send the Market Access Issues, SPS / TBT, Anti-dumping and other issues with Argentina on priority basis.

In view of the above, may we request you to kindly share with us your issues and concerns related to the above area (if any) for taking up with Argentina. Please e-mail (bharti@plexconcil.org / nilotpai@plexconcil.org) your input by 13th October 2021.
