Industrias del Plastico,A.C

India-Mexico Business
Chamber A.C

March 9, 2022: PLEXCONCIL signed an MoU with ANIPAC and IMBC a historic event considering the importance of Mexico which is the major hub for the Latin American market for Plastic exports from India. This was possible mainly to the continuous follow-up and the good relationship with the India-Mexico Business Chamber in the recent past. The IMBC has been instrumental in furthering this effort in signing this MoU with ANIPAC which is the sole National Association of the Plastic Industry in Mexico which will go a long way for the members of the Council to increase and establish their footprint in this market in the future.
