Dear Sir(s),

Greetings from Plexconcil – The Plastics Export Promotion Council!

We have pleasure in informing you that the Council is facilitating participation under India Pavilion at **Plastimagen 2023**, scheduled to be held in Centro Citibanamex, Mexico City, **November 7-10, 2023** this activity has been proposed for financial support from the Department of Commerce, Government of India, under the Market Access Initiative (MAI) scheme. Details of the exhibitions can be viewed at: <https://www.plastimagen.com.mx/>

Why Mexico?

PLASTIMAGEN® represents more than 30,000 plastic professionals in the dynamic Mexican market

1. Mexico has a relevant leadership position in the plastics manufacturing industries of Latin America
2. Mexico is a land of opportunities within the global economy, given its dynamic activity in plastics production and manufacturing for many industries, including automotive, aerospace, medical devices, home appliances, packaging, consumer electronics and agro-food
3. Its many free trade deals, including with Canada and the US as well as Europe, makes it a perfect location for investing in any manufacturing industry

4. Plastimagen is the only international trade event in Mexico in the industry that has participation for more than 35 countries, making it a truly global plastic trade show
5. The growing industry is always open to strategic partnerships and relationships with companies with new technologies
6. Recycling and energy use reduction will play a key role as the industry continues to develop and Mexico is looking for new solutions for these challenges
7. India's participation at PLASTIMAGEN is of great significance as Mexico is well placed to engage in cross-border trade with the US to the north and Latin America to the South.
- 8. In 2020, Mexico was the 15th largest export economy in the world and among the top 15 importers.**
9. Mexico enjoys a strong network of FTAs with over 40 countries, which works as a great facilitator for cross-border trade.
10. India and Mexico have robust trade relations.
- 11. India's export of plastics to Mexico grew at an annual pace of 12.8% in recent years.**
- 12. India's plastics export to Mexico primarily comprised plastic sheets and films, Plastic raw materials, Leather cloth, and Packaging items of plastics.**

ABOUT THE SHOW - PLASTIMAGEN® MEXICO 2023

It is estimated that global demand for plastic products will continue to increase as a result of dynamic industrial development and higher standards of living, and access to consumer goods by the population. Thus, without effecting big changes to the plastics value chain, growth in demand will result in an increase in carbon emissions from plastics.

PLASTIMAGEN® MEXICO presents over 870 companies representing over 1,600 brands from more than 27 countries, 14 International Pavilions, and the ANIPAC Pavilion (the National Association of Plastic Industries in Mexico).

With more than 40,000SQMT of exhibition space PLASTIMAGEN® MEXICO is the most complete and foremost plastics expo in Latin America, an event designed to meet the needs of more than 28,000 visitors who are seeking innovative solutions for their companies.
