To,

All Members of Plexconcil

Dear Sir/Madam,

Sub: Inter-ministerial working groups to develop pathway for meeting national commitments on Net Zero and to propose strategies and interventions for achieving the same

We wish to inform you that Department of Chemical & Petrochemical is seeking members inputs on “inter-ministerial working group to develop pathway for meeting national commitments on NET ZERO & to propose strategies and interventions for achieving the same.

***Net zero** is the point at which global net human-caused greenhouse gases (GHG) emissions, including carbon dioxide and methane, released into the atmosphere are balanced by an equivalent amount removed from the atmosphere.*

This working group aims to develop pathways and propose strategies for achieving national commitments on Net Zero by 2047, with a specific focus on the green transition of key industrial sectors such as steel, cement, aluminium, and fertilizers.

Your insights are valuable to us in shaping the discussions on technology and policy options, assessing global competitiveness, and identifying critical issues related to climate change mitigation within these sectors.

Please take a moment to provide your insights through the following Google Form: <https://forms.gle/G8px4maonivZ7F9e6>

Your contributions will help us formulate comprehensive strategies and interventions for sustainable industrial development.
