Subject: PLEXCONCIL is organizing the India Pavilion at PLASTIMAGEN 2025 (25th International Exhibition For The Plastics Processing Industry) Mexico, 11th - 14th, March 2025.

Dear Sir/Madam,

Greetings from Plexconcil!

We are glad to inform you that the Council is planning to participate in the **PLASTIMAGEN 2025** scheduled in MEXICO CITY from **MARCH 11-14, 2025**, subject to adequate response from the Members and allocation of space by the fair Organizer.

About Plastimagen 2025

PLASTIMAGEN® MEXICO is the biggest international exhibition for the plastics processing industry in Mexico and Latin America. This event brings together the entire production chain with top suppliers to meet the needs of various industries.

PLASTIMAGEN® MEXICO 2025 will feature over 870 companies representing 1,600 brands from more than 27 countries, 14 international pavilions, and a specialized pavilion by the National Association of Plastics Industries in Mexico (ANIPAC). You'll see the latest in plastics processing, design innovations, and materials that support the circular economy.

With more than 40K square meters, the event offers technology, quality, efficiency, and cutting-edge solutions for over 28,000 attendees seeking the latest trends for their businesses. You can visit <https://plastimagen.com.mx/en/> to get more details.

- Mexico has a relevant leadership position in the plastics manufacturing industries of Latin America
- Mexico is a land of opportunities within the global economy, given its dynamic activity in plastics production and manufacturing for many industries, including automotive, aerospace, medical devices, home appliances, packaging, consumer electronics and agro-food
- Its many free trade deals, including with Canada and the US as well as Europe, make it a perfect location for investing in any manufacturing industry
- Plastimagen is the only international trade event in Mexico in the industry that has participation from more than 35 countries, making it a truly global plastic trade show
- The growing industry is always open to strategic partnerships and relationships with companies with new technologies
- Recycling and energy use reduction will play a key role as the industry continues to develop and Mexico is looking for new solutions for these challenges
- India's participation at PLASTIMAGEN is of great significance as Mexico is well placed to engage in cross-border trade with the US to the north and **Latin America** to the South.
- **Mexico is the 15th largest export economy in the world and among the top 15 importers.**
- Mexico enjoys a strong network of FTAs with over 40 countries, which works as a great facilitator for cross-border trade.

- India and Mexico have robust trade relations.
- **India's export of plastics to Mexico grew at an annual pace of 12.8% in recent years.**
- **India's plastics export to Mexico is primarily comprised of plastic sheets and films, raw plastic materials, leather cloth, and packaging items of plastics.**
