Dear Sir/Madam,

Greetings from The Plastic Export Promotion Council- (Plexconcil)!

We are pleased to inform you that The Plastics Export Promotion Council (PLEXCONCIL) is organizing an Export Opportunities to Russia, the Rupee-Ruble Trade Mechanism, and Opportunities at the RosUpack 2025 Exhibition on 24th January 2025.

India's plastic industry is one of the largest and most diverse in the world, with significant production capacity and expertise in manufacturing a wide range of plastic products. As a large consumer market, the CIS region, particularly Russia, offers substantial export opportunities for Indian plastic goods across various sectors, especially as demand grows for sustainable, functional, and high-quality plastic products. However, Indian exporters face some challenges, particularly with the Rupee-Ruble Trade Mechanism and finding reliable buyers in the region.

Through this webinar, Plexconcil aims to inform the trade about the opportunities in the Russian market and provide proper guidance on handling payments and navigating the complexities involved.
