**AUDITOR'S REPORT
2023-24**

MNRD & ASSOCIATES

Chartered Accountants

Independent Auditor's Report

To the Trustees of Project Exports Promotion Council of India

Opinion

1. We have audited the accompanying financial statements of **Project Exports Promotion Council of India [Registration No. F 3916 – (Mumbai)]** (the 'Council'), which comprise the Balance Sheet as at 31 March 2024, the Income and Expenditure Account for the year then ended, and a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give a true and fair view in conformity with the accounting principles generally accepted in India, including the accounting standard issued by the Institute of Chartered Accountants of India ('ICAI') to the extent considered relevant by the management of the financials position of the council as at 31st March, 2024 and its financial performance for the year ended on that date.

Basis of Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Council in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Members for the Financial Statements

4. The members ('management') is responsible for the preparation of these financial statements that give a true and fair view of the state of affairs and results of operations of the council in accordance with the accounting principles generally accepted in India including the accounting standards issued by the ICAI to the extent considered relevant by the management. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Council and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
5. In preparing the financial statements, management is responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Council or to cease operations, or has no realistic alternative but to do so.
6. Those charge with Governance are responsible for overseeing the Council's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

7. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
8. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence including the utilization certificates submitted by the sub-recipients, that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Council has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
 - Conclude on the appropriateness of Council's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Council's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Council to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
9. We communicate with the management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Matter

10. We have also issued our audit report pursuant to the requirements of sub-section 2 of Section 33 & 34 and rule 19 of the Maharashtra Public Trust Act, 1950, on the financial statements prepared by the management as required by the provisions of the Maharashtra Public Trust Act, 1950 covering the same period as these accompanying financial statements.

Project Exports Promotion Council of India

Note 17 - Significant accounting policies and notes forming part of the financial statements for the year ended 31 March 2024

1. Background

Project Exports Promotion Council of India (the 'Trust') is an export promotion council set up by the Government of India in 1984 (as "Overseas Construction Council of India"). PEPC in line with the Foreign Trade Policy of the Government (of India) not only undertakes the necessary export promotion initiatives but also provides necessary technical information, guidance and support to Indian Civil and Engineering (EPC) construction including process engineering contractors and consultants – in public or private sector – to set up overseas projects.

The Trust has the following registrations-

- The Trust was registered under the Bombay Public Trust Act, 1950 (now known as The Maharashtra Public Trust Act) (referred to "Act") with the object to undertake the necessary export promotion initiatives and provide necessary technical information, guidance and support to Indian Civil and Engineering (EPC) construction including process engineering contractors and consultants – in public or private sector – to set up overseas projects.
- The Trust was registered under the Societies Registration Act, 1860 (referred to "Societies Act") on 12 January 1976.
- The Trust has been granted an exemption under section 12A of the Income Tax Act, 1961, vide letter no. INS/1154318877 dated 28 August 1977 and amended vide URN no. AAATP8323MA20211 dated 5th April, 2022.

2. Summary of significant accounting policies

2.1 Basis of preparation

The financial statements have been prepared and presented on a going concern basis under the historical cost convention on the accrual basis of accounting in accordance with the accounting principles generally accepted in India ("Indian GAAP") and schedule VIII and IX of the Maharashtra Public Trust Act, 1950, to the extent applicable. The accounting policies are in compliance with the Accounting Standards ("AS") issued by the Institute of Chartered Accountants of India to the extent considered relevant by the management. The accounting policies have been consistently applied by the Trust and are consistent with those used in the previous year.

2.2 Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liability on the date of the financial statements and the results of operations during the reporting periods. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from those estimates and revisions, if any, are recognized in the current and future periods.

2.3 Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises of purchase price and any attributable cost such as duties, freight, borrowing costs, erection and commissioning expenses incurred in bringing the asset to its working condition for its intended use.

Depreciation is provided using 'Written Down Value' method at rate determined based on management's estimation of the useful life of assets. The rates of depreciation used are set out in the following table:

[Handwritten signature]

[Handwritten signature]

[Handwritten signature]

Assets	Rate of depreciation
Computers	40%
Office equipment	15%
Furniture and fixtures	10%
Building	10%

2.4 Impairment of assets

The Trust assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Trust estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Income and Expenditure Account. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

2.5 Cash and cash equivalents

Cash and cash equivalents for the purpose of balance sheet comprise cash at bank and in hand and investment in fixed deposits with the banks with a maturity period of three months or less from date of acquisition.

2.6 Funds

a) Trust fund

"Trust fund" relates to funds received at the time of incorporation of trust from the trustees.

b) General fund

The surplus earned during the year, being general purpose in nature is carried forward for use in future periods. In case of deficit, if in any year, the same is adjusted against general fund.

2.7 Revenue recognition

- i. The revenue from Government grants is recognized over the periods necessary to match with related costs and only when there is reasonable assurance that the conditions attached to them will be complied and the grants will be received.
- ii. The revenue from membership fee, admission fee, web promotion charges, screening charges and other revenue is recognized when no significant uncertainty exists regarding its receipt.
- iii. The revenue from interest is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

2.8 Employee benefits

(a) Short term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits such as salaries, wages and short term compensated absences, etc. are recognized in the period in which the employee rendered the related services. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the year.

[Handwritten signature]

[Handwritten signature]

[Handwritten signature]

(b) Post-employment benefits

Provident Fund:

Provident fund benefit is a defined contribution plan under which the Trust pays fixed contribution into funds established under Employees Provident Fund and Miscellaneous Provisions Act, 1952. The Trust has no legal or constructive obligations to pay further contributions after payment of the fixed contribution. The contributions recognised in respect of defined contribution plans are expensed as they accrue. Liabilities and assets may be recognised if underpayment or prepayment has occurred and are included in current liabilities or current assets, respectively, as they are normally of a short term nature. The Trust's contributions paid/payable under the scheme is recognized as an expense in the Income and Expenditure Account during the year in which the employee renders the related service.

Gratuity:

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The defined benefit obligation is determined by actuarial valuation as on the balance sheet date, using the projected unit credit method. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to the Income and Expenditure Account in the year in which such gains or losses arise.

The Trust has taken a group policy with Life Insurance Corporation of India (LIC) to meet its obligation towards gratuity. The Trust's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit determines its present value.

Compensated absences:

Liability in respect of compensated absences becoming due and expected to be availed or encashed is recognized on the basis of value of estimated amount required to be paid or estimated value of benefits expected to be availed by the employees.

2.9 Provisions and contingent liabilities

The Trust makes a provision when there is a present obligation as a result of a past event where the outflow of economic resources is probable and a reliable estimate of the amount of the obligation can be made.

A disclosure is made for a contingent liability when there is a:

- a) Possible obligation, the existence of which will be confirmed by the occurrence/non-occurrence of one or more uncertain events, not fully with-in the control of the Trust; or
- b) Present obligation, where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- c) Present obligation, where a reliable estimate cannot be made.

Where there is a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

2.10 Income taxes

The Trust has certificate of registration under Section 12A of the Income Tax Act, 1961 and exempt from Income-tax. Hence, no deferred tax (assets or liability) is required to be recognised in the books of accounts.

18. Disclosures required under Section 22 of the Micro, Small and Medium Enterprises Development Act, 2006

There are no dues to enterprises as defined under Micro, Small and Medium Enterprises Development Act, 2006 (MSMED Act, 2006). Further no interest has been paid under the terms of MSMED Act, 2006. Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information collected by the Management.

Independent Auditor's Report audited under sub-section (2) of section 33 & 34 and Rule 19 of the Maharashtra Public Trust Act, 1950 for the year ended 31 March 2024

To the Trustees of Project Exports Promotion Council of India

Report on the Financial Statements

Opinion

1. We have audited the accompanying financial statements of **Project Exports Promotion Council of India [Registration No. F 3916 – (Mumbai)]** (the 'Council'), which comprise the Balance Sheet as at 31 March 2024, the Income and Expenditure Account as required by The Maharashtra Public Trust Act, 1950 ('the Act') for the year then ended, and significant accounting policies and notes to the financial statements.

2. We give our opinion and the basis of our opinion in the report and according to the explanations given to

the management and administration of the Council and the rules made thereunder, and in accordance with the accounting principles generally accepted in India, of the state of affairs of the Council as at

Accountants of India (ICAI) and we have fulfilled our other ethical responsibilities.

Responsibilities of the Members for the Financial Statements

4. The members ('management') is responsible for the preparation of these financial statements and to give a true and fair view of the financial position and financial performance of the Council in accordance with the accounting principles generally accepted in India and schedule VIII of the Maharashtra Public Trust Act, 1950, to the extent applicable. This responsibility includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Council and for preventing and detecting

Auditor's Responsibilities for the Audit of the Financial Statements

6. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
7. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence including the utilization certificates submitted by the sub-recipients, that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Council has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
 - Conclude on the appropriateness of Council's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Council's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Council to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
8. We communicate with the management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Matter

9. We have also issued our audit report as per Form No. 10B pursuant to the requirements of section 12A(1)(b) of the Income-tax Act, 1961, on the financial statements prepared by the management as required by the provisions of the Income-tax Act, 1961 covering the same period as these accompanying financial statements.

Project Exports Promotion Council of India

Note 17 - Significant accounting policies and notes forming part of the financial statements for the year ended 31 March 2024

1. Background

Project Exports Promotion Council of India (the 'Trust') is an export promotion council set up by the Government of India in 1984 (as "Overseas Construction Council of India"). PEPC in line with the Foreign Trade Policy of the Government (of India) not only undertakes the necessary export promotion initiatives but also provides necessary technical information, guidance and support to Indian Civil and Engineering (EPC) construction including process engineering contractors and consultants – in public or private sector – to set up overseas projects.

The Trust has the following registrations-

- The Trust was registered under the Bombay Public Trust Act, 1950 (now known as The Maharashtra Public Trust Act) (referred to "Act") with the object to undertake the necessary export promotion initiatives and provide necessary technical information, guidance and support to Indian Civil and Engineering (EPC) construction including process engineering contractors and consultants – in public or private sector – to set up overseas projects.
- The Trust was registered under the Societies Registration Act, 1860 (referred to "Societies Act") on 12 January 1976.
- The Trust has been granted an exemption under section 12A of the Income Tax Act, 1961, vide letter no. INS/1154318877 dated 28 August 1977 and amended vide AAATP8323MA20211 dated 5th April, 2022.

2. Summary of significant accounting policies

2.1 Basis of preparation

The financial statements have been prepared and presented on a going concern basis under the historical cost convention on the accrual basis of accounting in accordance with the accounting principles generally accepted in India ("Indian GAAP") and schedule VIII and IX of the Maharashtra Public Trust Act, 1950, to the extent applicable. The accounting policies are in compliance with the Accounting Standards ("AS") issued by the Institute of Chartered Accountants of India to the extent considered relevant by the management. The accounting policies have been consistently applied by the Trust and are consistent with those used in the previous year.

2.2 Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liability on the date of the financial statements and the results of operations during the reporting periods. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from those estimates and revisions, if any, are recognized in the current and future periods.

2.3 Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises of purchase price and any attributable cost such as duties, freight, borrowing costs, erection and commissioning expenses incurred in bringing the asset to its working condition for its intended use.

Depreciation is provided using 'Written Down Value' method at rate determined based on management's estimation of the useful life of assets. The rates of depreciation used are set out in the following table:

Project Exports Promotion Council of India

Note 17 - Significant accounting policies and notes forming part of the financial statements for the year ended 31 March 2024

Assets	Rate of depreciation
Computers	40%
Office equipment	15%
Furniture and fixtures	10%
Building	10%

2.4 Impairment of assets

The Trust assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Trust estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Income and Expenditure Account. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

2.5 Cash and cash equivalents

Cash and cash equivalents for the purpose of balance sheet comprise cash at bank and in hand and investment in fixed deposits with the banks with a maturity period of three months or less from date of acquisition.

2.6 Funds

a) Trust fund

"Trust fund" relates to funds received at the time of incorporation of trust from the trustees.

b) General fund

The surplus earned during the year, being general purpose in nature is carried forward for use in future periods. In case of deficit, if in any year, the same is adjusted against general fund.

2.7 Revenue recognition

- i. The revenue from Government grants is recognized over the periods necessary to match with related costs and only when there is reasonable assurance that the conditions attached to them will be complied and the grants will be received.
- ii. The revenue from membership fee, admission fee, web promotion charges, screening charges and other revenue is recognized when no significant uncertainty exists regarding its receipt.
- iii. The revenue from interest is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

2.8 Employee benefits

(a) Short term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits such as salaries, wages and short term compensated absences, etc. are recognized in the period in which the employee rendered the related services. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the year.

(b) Post-employment benefits

Note 17 - Significant accounting policies and notes forming part of the financial statements for the year ended 31 March 2024

Provident Fund:

Provident fund benefit is a defined contribution plan under which the Trust pays fixed contribution into funds established under Employees Provident Fund and Miscellaneous Provisions Act, 1952. The Trust has no legal or constructive obligations to pay further contributions after payment of the fixed contribution. The contributions recognised in respect of defined contribution plans are expensed as they accrue. Liabilities and assets may be recognised if underpayment or prepayment has occurred and are included in current liabilities or current assets, respectively, as they are normally of a short term nature. The Trust's contributions paid/payable under the scheme is recognized as an expense in the Income and Expenditure Account during the year in which the employee renders the related service.

Gratuity:

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The defined benefit obligation is determined by actuarial valuation as on the balance sheet date, using the projected unit credit method. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to the Income and Expenditure Account in the year in which such gains or losses arise.

The Trust has taken a group policy with Life Insurance Corporation of India (LIC) to meet its obligation towards gratuity. The Trust's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit determines its present value.

Compensated absences:

Liability in respect of compensated absences becoming due and expected to be availed or encashed is recognized on the basis of value of estimated amount required to be paid or estimated value of benefits expected to be availed by the employees.

2.9 Provisions and contingent liabilities

The Trust makes a provision when there is a present obligation as a result of a past event where the outflow of economic resources is probable and a reliable estimate of the amount of the obligation can be made.

A disclosure is made for a contingent liability when there is a:

- Possible obligation, the existence of which will be confirmed by the occurrence/non-occurrence of one or more uncertain events, not fully with-in the control of the Trust; or
- Present obligation, where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- Present obligation, where a reliable estimate cannot be made.

Where there is a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

2.10 Income taxes

The Trust has certificate of registration under Section 12A of the Income Tax Act, 1961 and exempt from Income-tax. Hence, no deferred tax (assets or liability) is required to be recognised in the books of accounts.
